

DEEPANSHI

Full Stack Developer Candidate (MERN Stack)

Shamli, Uttar Pradesh | +91-7017874148 | deepanshikalkhandya@gmail.com | <https://www.linkedin.com/in/deepanshichouhan/> | <https://github.com/Deepanshi6754>

SUMMARY

Motivated Computer Science student skilled in **MERN Stack, C/C++, SQL, and Power BI**, with internship experience across three roles improving and expanding full-stack web applications. Built and shipped 3+ production-style MERN projects spanning real-time chat, e-commerce-style workflows, and AI-driven content generation. Seeking to bring strong full-stack fundamentals and a data-driven approach to a Software Engineering team.

EXPERIENCE

MERN Stack Developer Intern

June 2026 – July 2026

Excellence Technology Pvt. Ltd., Mohali

- Built and **enhanced** responsive MERN Stack web applications integrated with REST APIs, improving load performance by **20%**.
- Implemented authentication, CRUD operations, and MongoDB integration, strengthening data handling across **5** modules.
- Partnered with a development team of **4**, delivering **10+** scalable, production-ready features.

Full Stack Developer Intern

June 2025 – July 2025

Coding Blocks, Panipat

- Engineered production-ready full stack solutions using the MERN Stack, cutting feature turnaround time by **25%**.
- Implemented secure RESTful APIs and **optimized** MongoDB databases, improving query response time by **30%**.
- Worked alongside cross-functional teams of **5** developers to deliver high-quality software solutions.
- Integrated MERN functionalities, **streamlining** deployment across environments and cutting release time by **15%**.

Frontend & Data Analytics Intern

June 2024 – July 2024

Geeta Technical Hub, Panipat

- Expanded** and improved responsive web applications and interactive user interfaces for **100+** end users.
- Analyzed data and created insightful dashboards using Excel and Power BI, **improving** reporting turnaround by **20%**.
- Coordinated with a team of **3** to deliver **6+** data-driven features, improving reporting efficiency.

PROJECTS

KimiChat App ([Live](#) | [GitHub](#))

- Designed and **built** a full stack (MERN) real-time chat platform with community interaction and dynamic social features, integrating AI-driven functionalities and secure authentication for **50+** concurrent users.

Recipe Sharing App ([Live](#) | [GitHub](#))

- Built a full stack (MERN) recipe sharing platform with an intuitive interface, **improving** discoverability with search/filter features, and implementing secure authentication via JWT and bcrypt.

Zenith Ecommerce ([Live](#) | [GitHub](#))

- Built a full-stack **e-commerce platform using the MERN stack (MongoDB, Express.js, React.js, Node.js)**, implementing product browsing, cart management, user authentication, order workflows to deliver seamless online shopping experience.

TECHNICAL SKILLS

- Programming Languages:** C++, C, JavaScript
- Web Development:** HTML, CSS, Bootstrap, JavaScript, React.js, Redux, Node.js, Express.js, SQL, MongoDB
- Data Analytics & Visualization:** Microsoft Excel, Power BI
- Tools & Technologies:** Git, GitHub, REST APIs, JWT Authentication, bcrypt, Postman, VS Code

ACHIEVEMENTS

- Participated in **HackForge Hackathon 2025**, collaborating with a team of **4** to build an innovative web solution.
- Enhanced** and deployed **3+ MERN Stack projects** with responsive UI and REST API integration.
- Completed industry-recognized certifications in **Google Cloud, AI, and Prompt Engineering**.

EDUCATION

Geeta University (GU), Panipat

Aug 2023 – June 2027

B.Tech, Computer Science and Engineering

DUVIC, Shamli – 12th

April 2022 – April 2023

DUVIC, Shamli – 10th

April 2020 – April 2021

CERTIFICATIONS

- ICAT Certification
- Spring Boot Development
- Google Cloud Platform Fundamentals
